Advance Function and Characteristic

- ※Originally developed, innovative removable and renewable hot keypad (patented, 40x2 keys). The keypad can be easily replaced even if it is soaked. The layout of hot keypad can be easily edited by the software and be printed immediately so that the cashier can operate the ECR expertly by pressing the single key without having to memorize and enter the several-digit part No.
- ※40 PLU hot keys in each page, normally two pages and maximum 40X5 pages PLU. These hot keys are synchronization with PLU database of Pinnacle Cash Register. It doesn't need manual arrangement, but only re-print a new sheet for replacing after the edition of hot key on PC.
- ※One RS-232 communication port, which can be connected with PC or Pinnacle cash register to realize sales management.
- ※Auto energy-saving mode ($100 \mu A$)
- ※Two section of capacity:(0~6kg,e=2g;6kg~15kg;e=5g).
- ※6V DC battery with AC charger.(Option)
- ※Simple and humanized function operation.
- ※8 valid digits available for unit price.

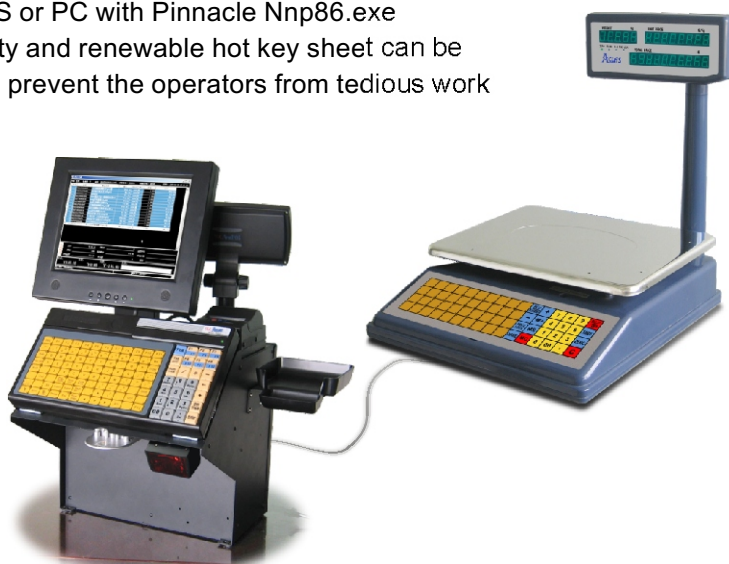

Specifications

Precision	3000
Weight scale	0~ 6kg ~ 15kg
Resolution	e1=2g e2=5g
Sample Rate	6Hz
LED display	High brightness, LED display
Charge	AC 220V 50Hz / 8V 700mA
Operating Temp	0°C~40°C
Dimension	438X354 X423(mm)
Weight	5kg/with battery
Key	64 membrane keys

Besides all the scale function, Pinnacle's network price scale enjoys the unique advantages in information management, which the congener cannot reach.

1. Edit commodity data in PC and print hot key sheet

The commodity data that is edited in POS or PC with Pinnacle Nnp86.exe software can be download to Scale. The pretty and renewable hot key sheet can be printed (laser or inkjet printer) at any time to prevent the operators from tedious work of writing commodity ID and name.

2. It can realize the unitive sales management for non-barcode fresh food and barcode commodity when both of Pinnacle scale and cash register work together.

It is quite easy to operate both of Pinnacle scale and cash register when they are working together. It is able to fulfill weighing, calculating and data transferring by pressing one key. Operational procedures: Link the scale to ECR, and set the ECR to REG mode. Place the commodity on the Scale, Press the PLU hot key of the scale accordingly after the reading keep stable, the commodity's sale date will be printed and stored in the ECR at the same time.
